17 August 2011

Dear Mr. Crofton-Briggs

Planning Application 11/01869: 5 St. Andrew's Lane – proposed single storey oak framed orangery

We were glad to have the opportunity to comment on this application. We have no comments to make on the building proposed but are concerned how it might affect the future of the weeping willow tree in close proximity to the proposed building. We would not wish to see this tree harmed, or removed, being as it is in a prominent position in the conservation area of Old Headington.

Yours sincerely

Stella Welford
Hon. Secretary
